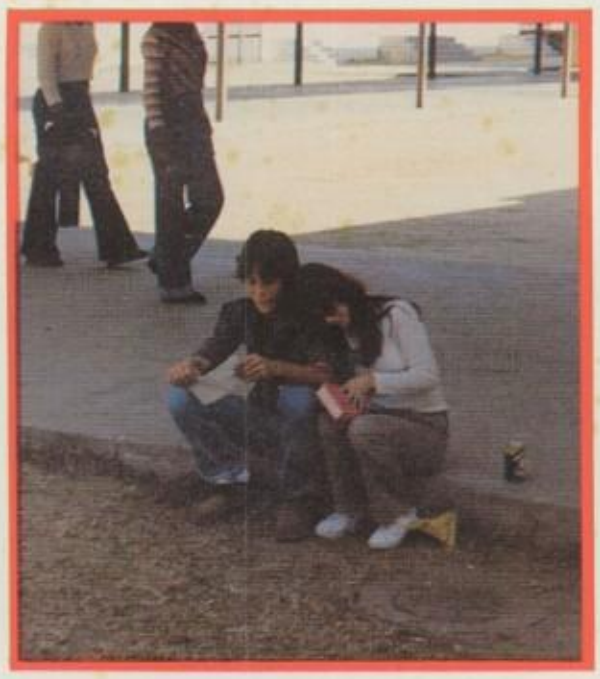
WE ARE LOWER RICHLAND



The best we are
The best we'll be
For we have spirit
And we are free
We have the ability
To go far
So Lower Richland's the best
And the best . . .

LR STUDENTS HAVE MANY DIFFERENT SIDES.

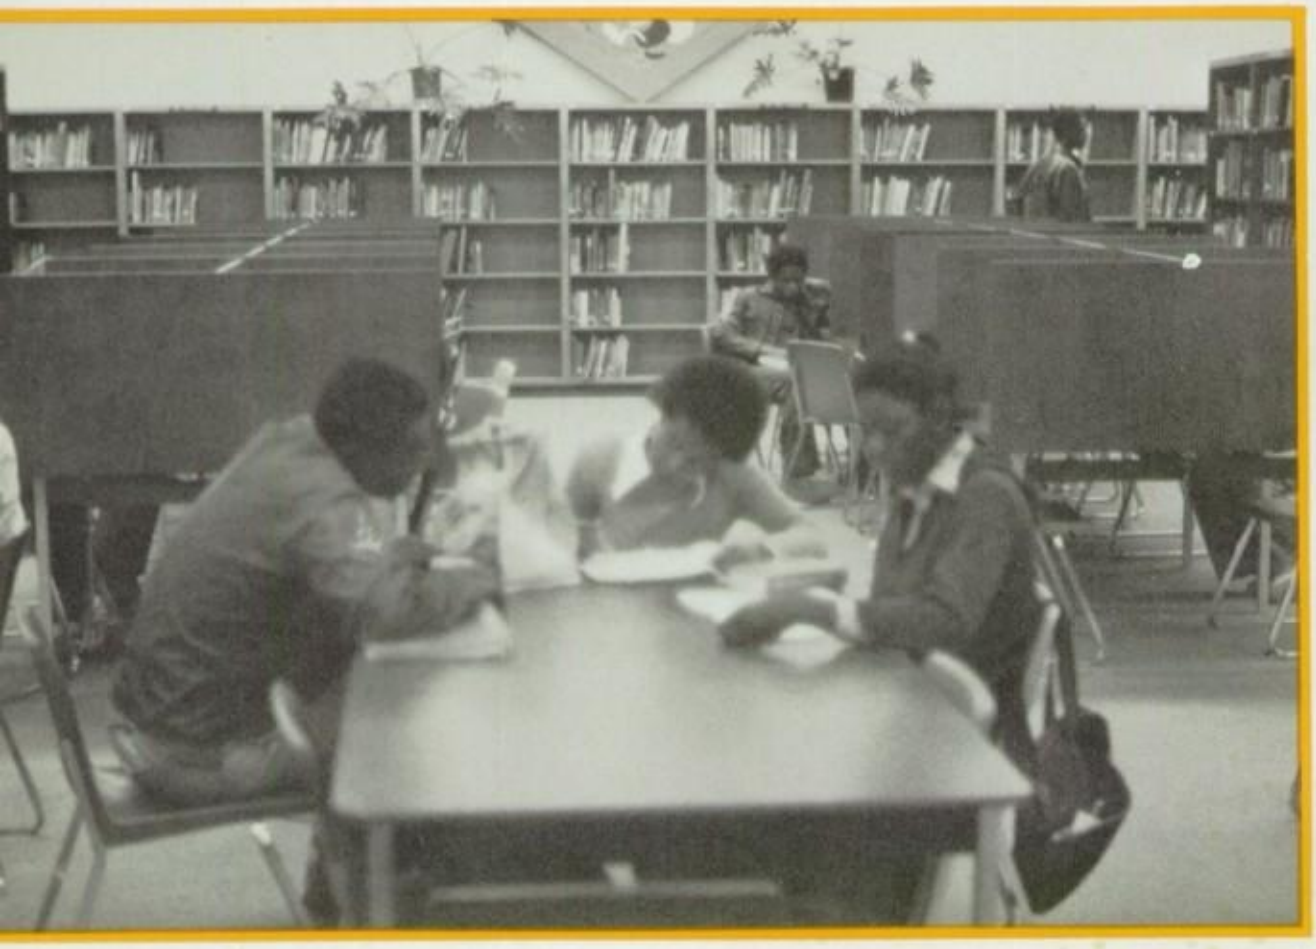
LR students are always acting different. They react differently to different situations. In the eyes of many, this could be a way of being two-faced. But we know different, don't we?

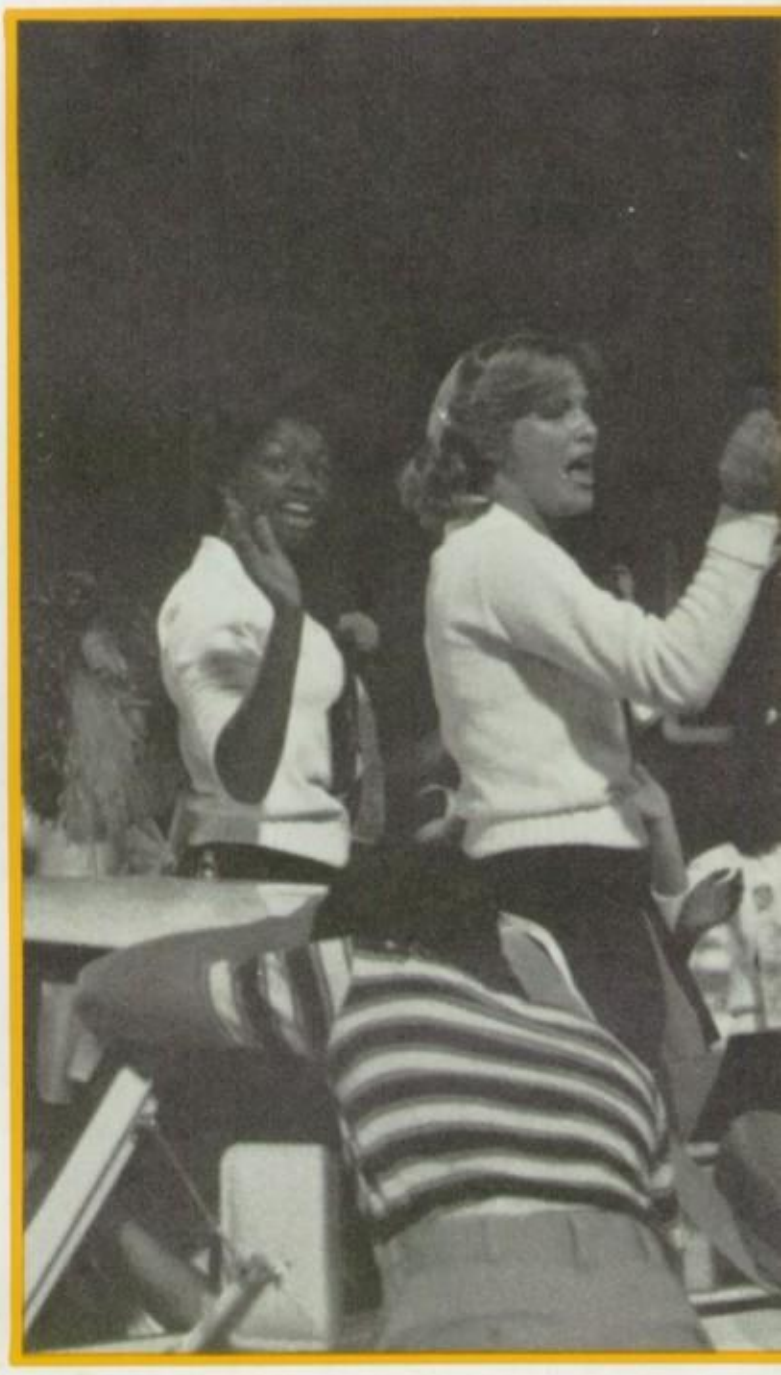
Students use the library as a quiet place.

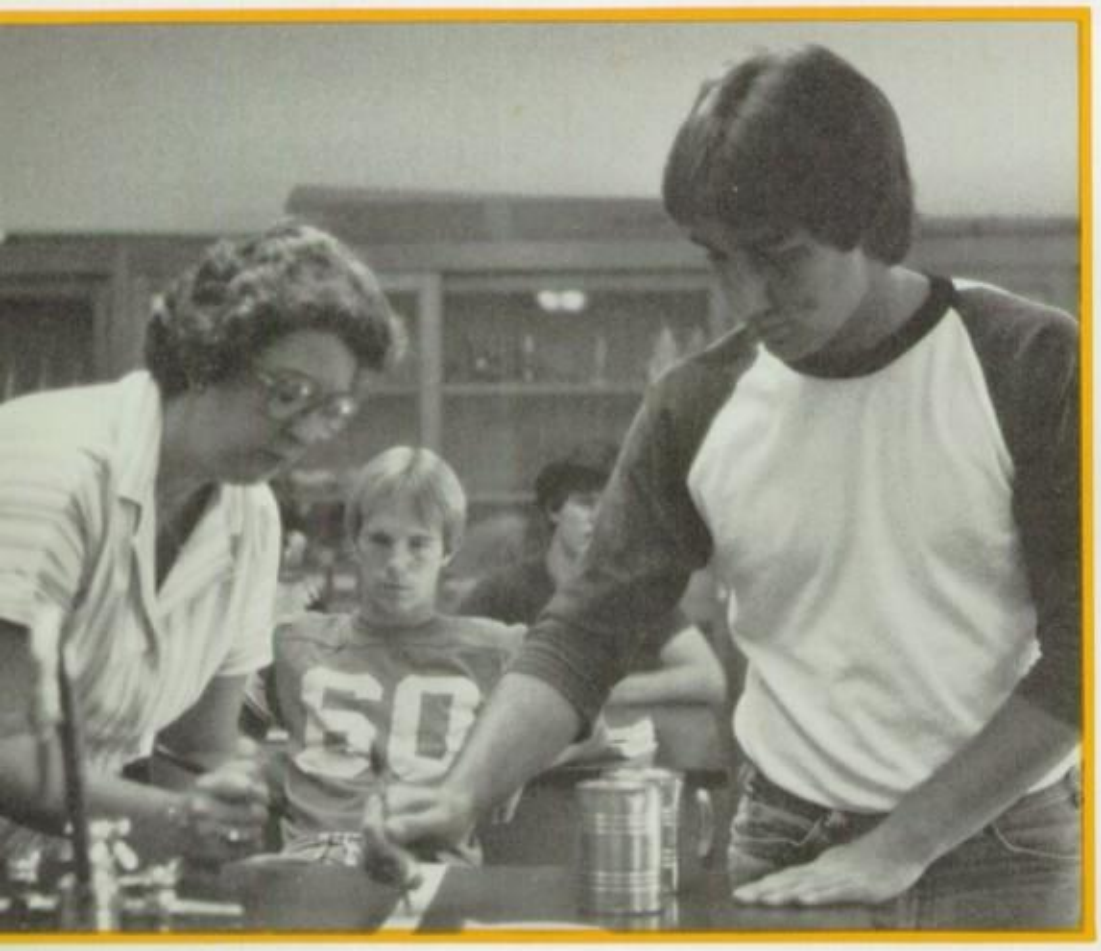
JV Cheerleaders cheer in a parade.

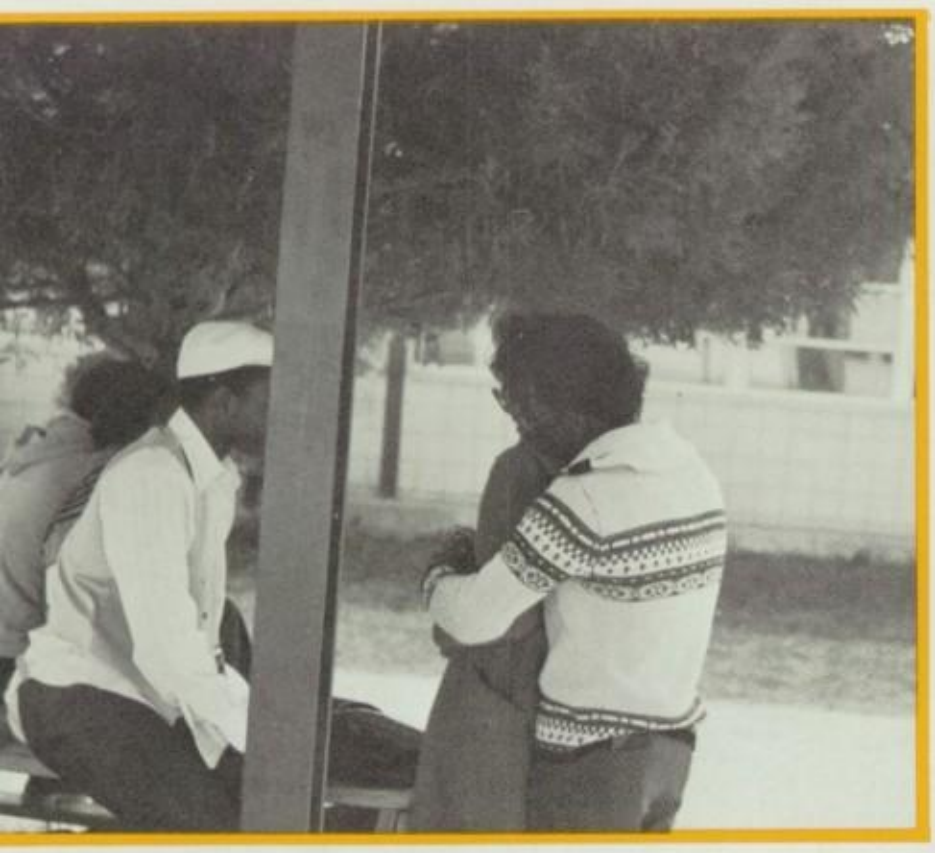
Mrs. Addison helps Charles Dasher in science.

Students dance to "Brick House".









Students around LR show affection easily.

A group of students talk in the breezeway.

Ed-Op Advisors point out things of interest.

Homecoming contestants and their escorts.

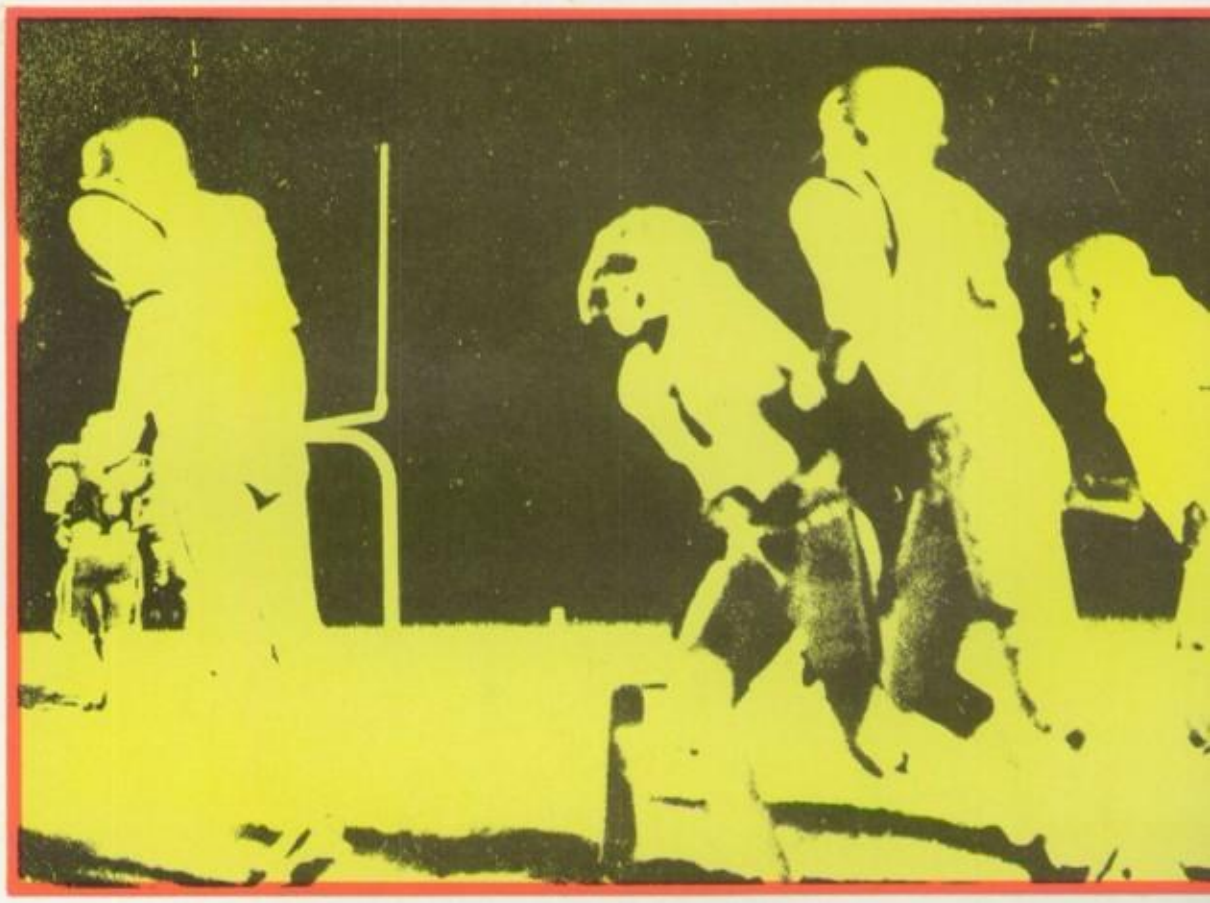
DO YOU HAVE THE SPIRIT?

Students stand for the Alma Mater.

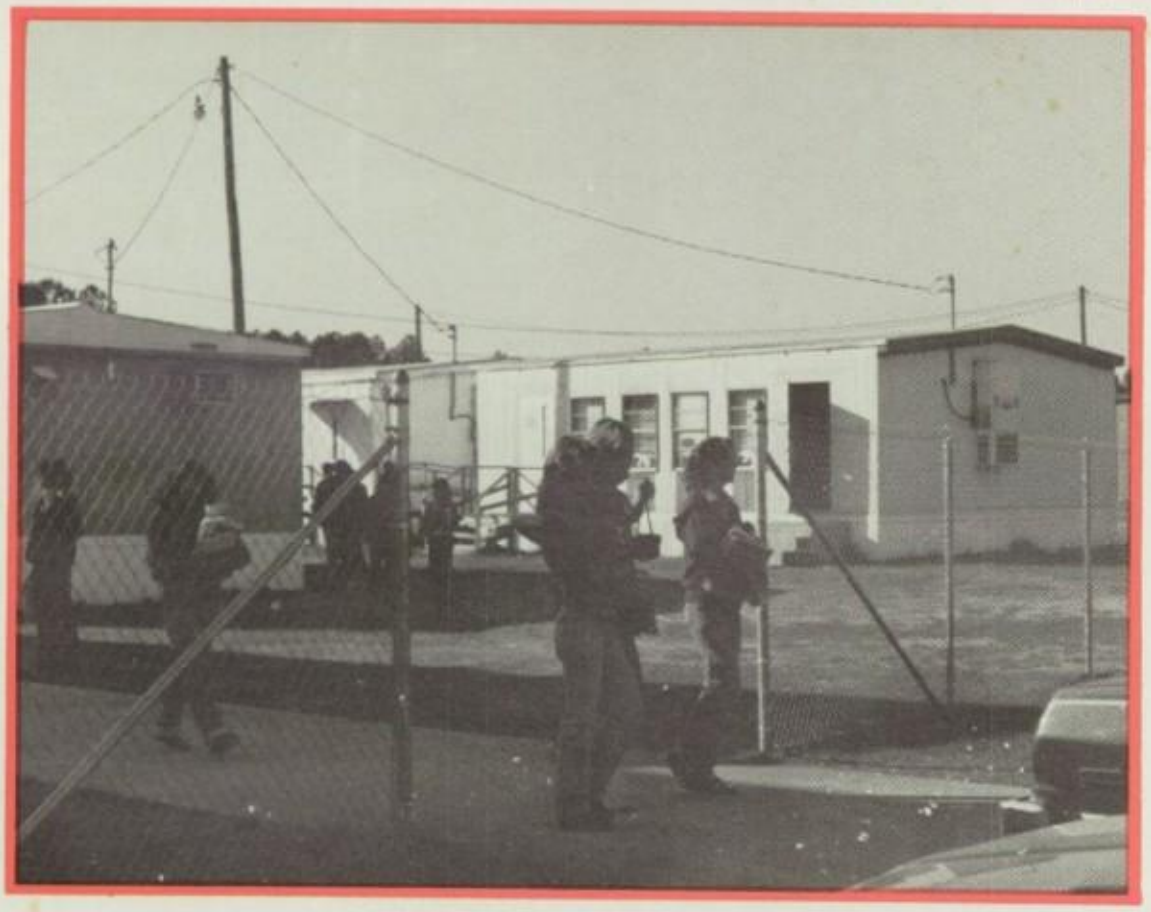
Cheerleaders lead the fans in a cheer.

Football players run on the field.

The band performs at a game.



THIS IS WHAT IT'S LIKE WHEN DAY IS DONE



At the end of the day, kids depart in different directions. Some head for cars. Others for buses. Which way do you go?

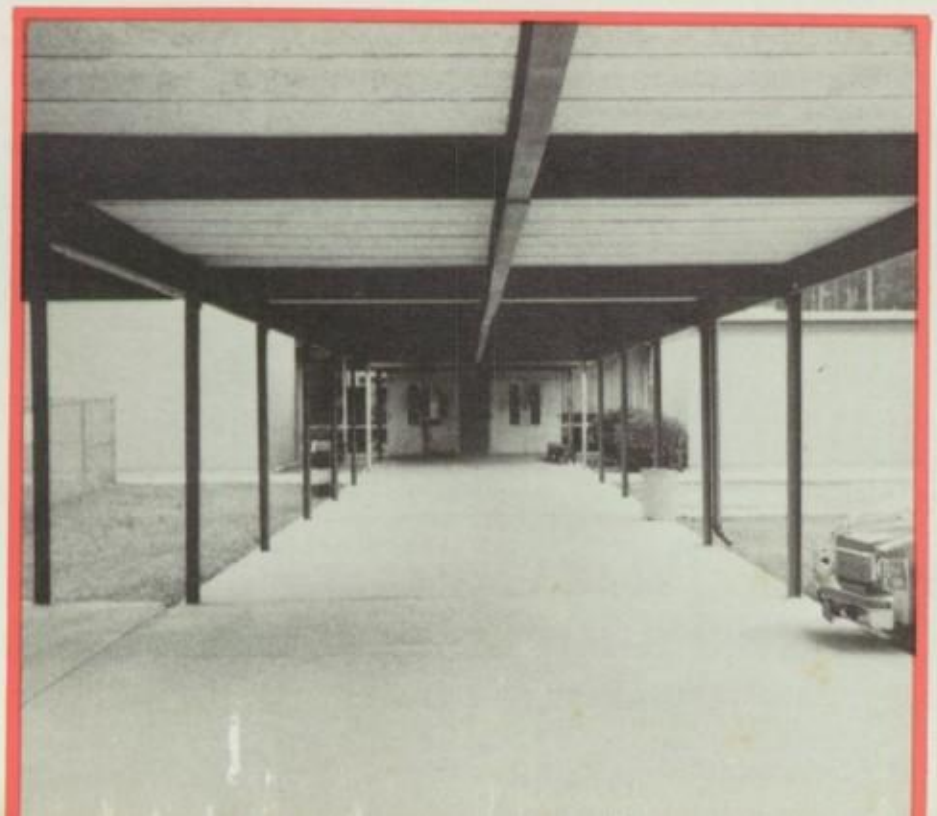
Students rush hurriedly to their cars.

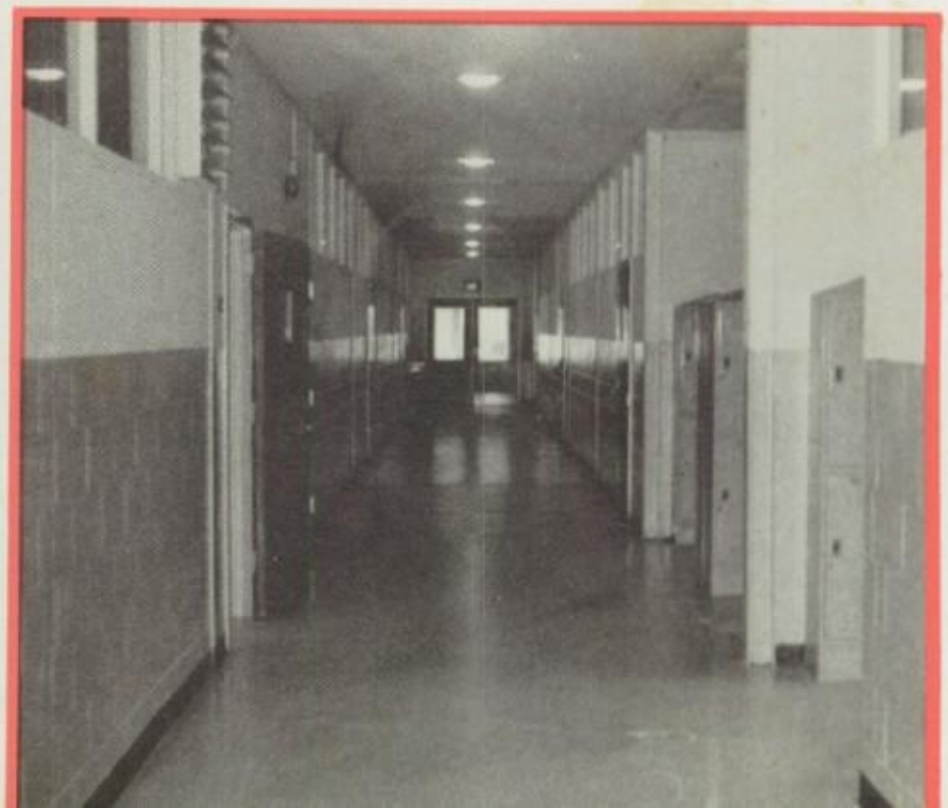
Larry Love shows what his jeep can do.

Crowds of students head to the parking lot.

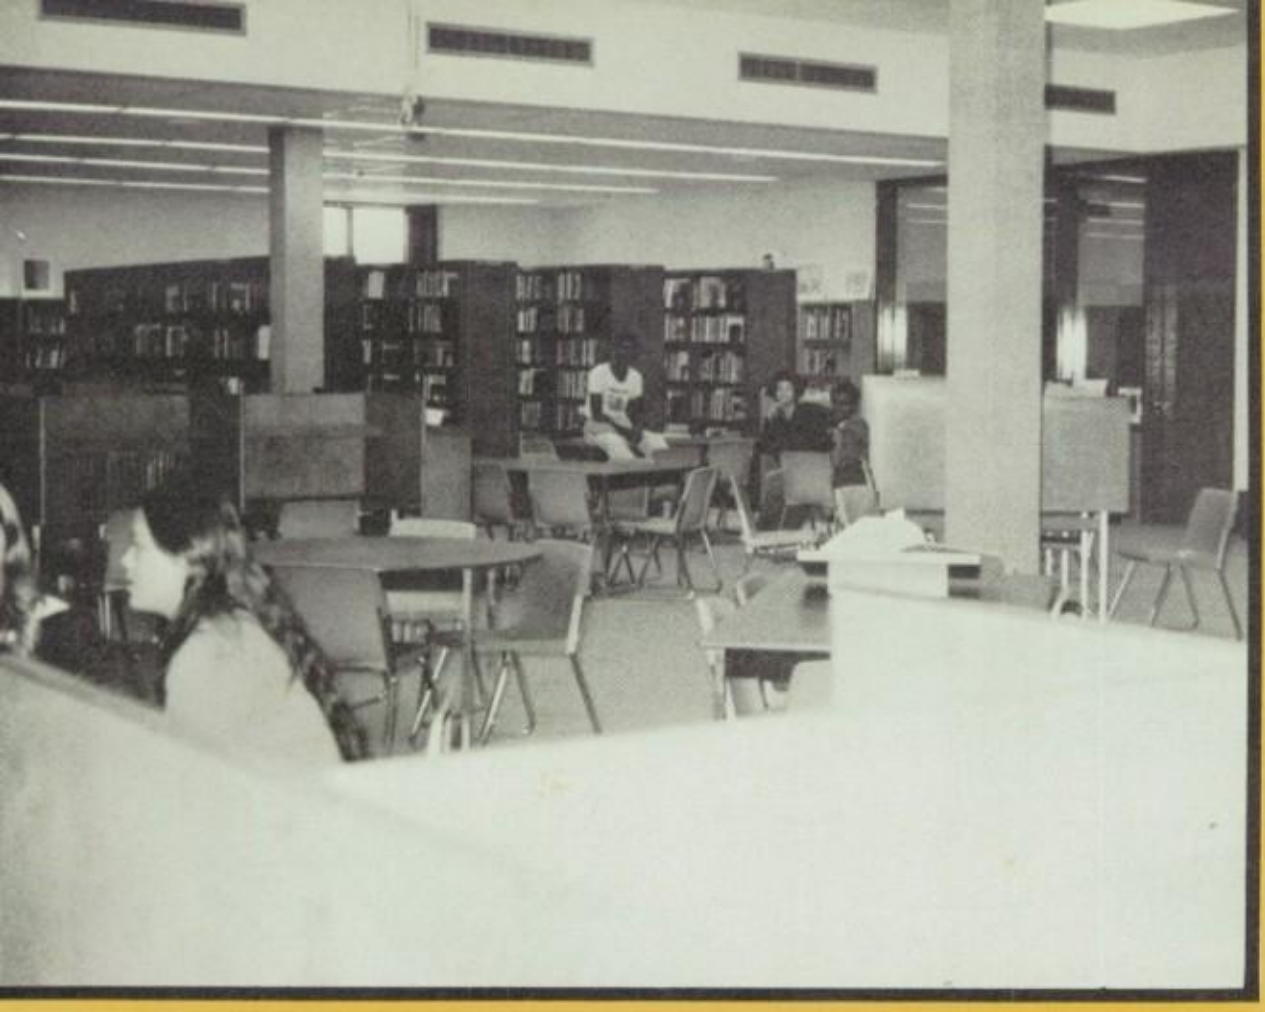
During classes, the sidewalk is empty.

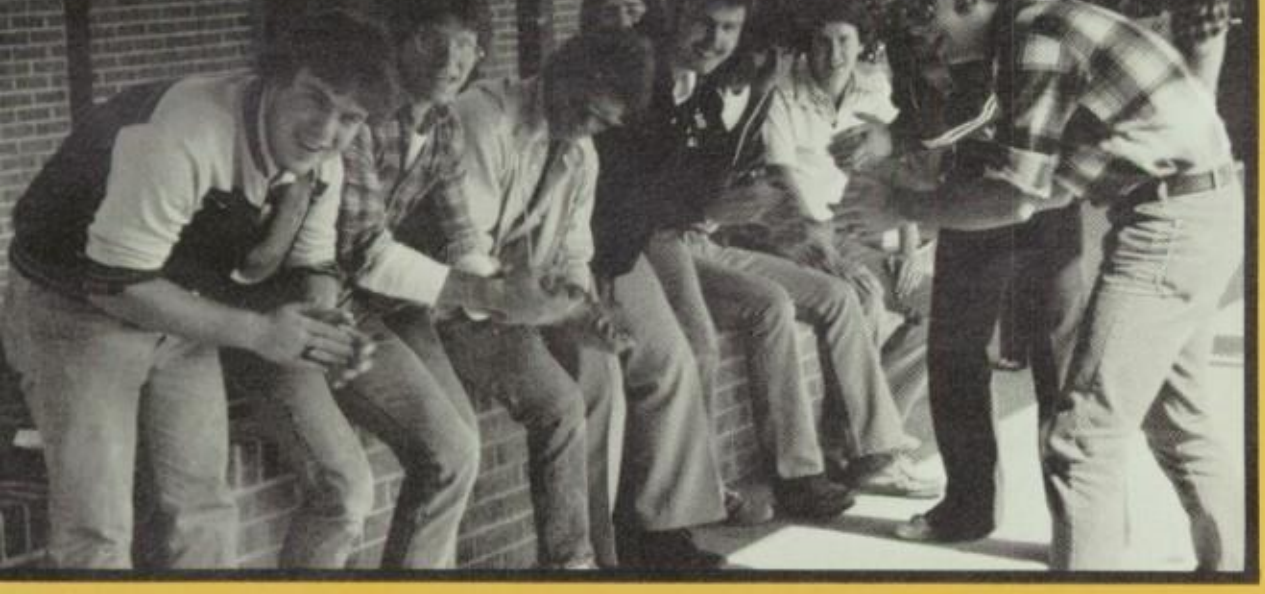
After the kids leave, this is what's left.

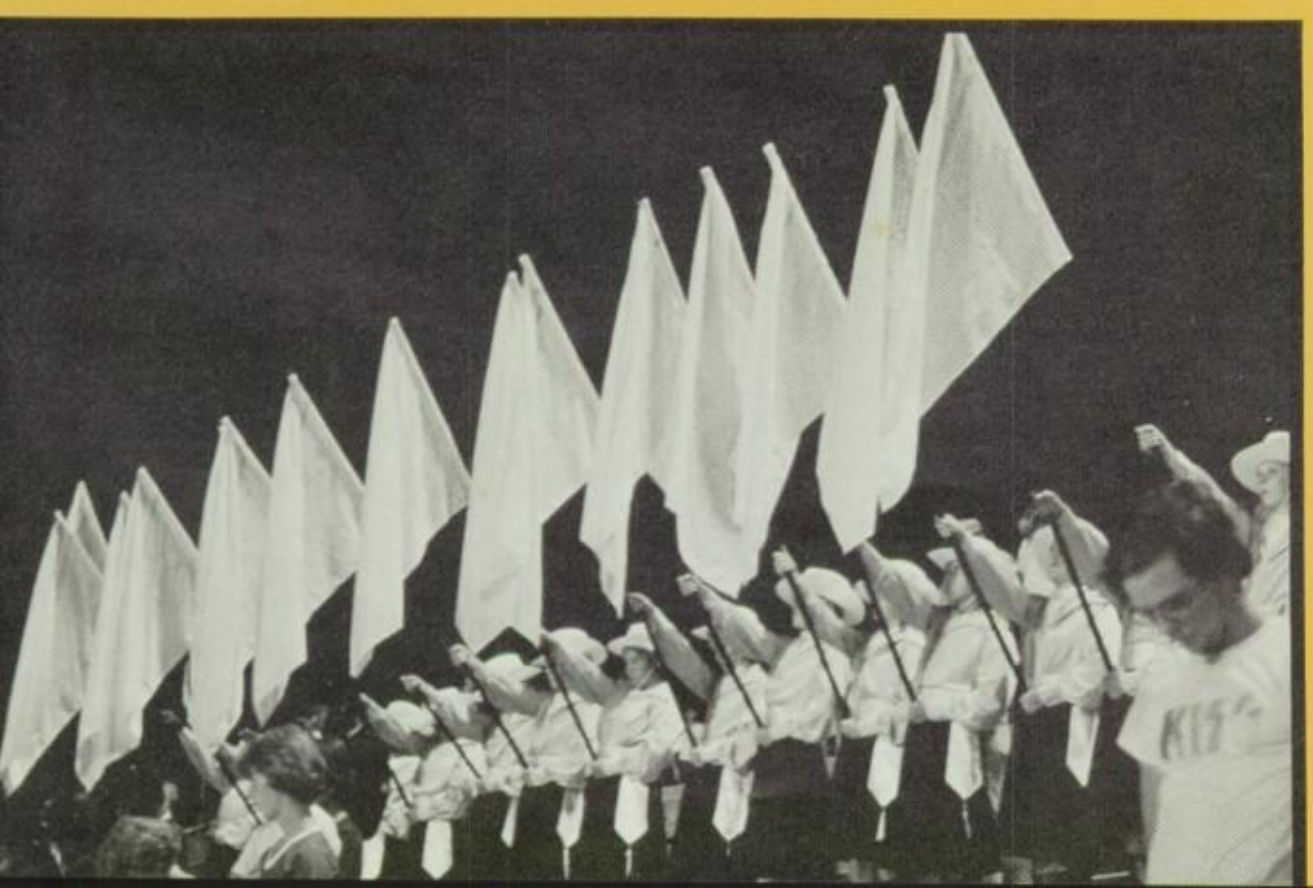




WE ARE SUPER BAD DIAMONDS!







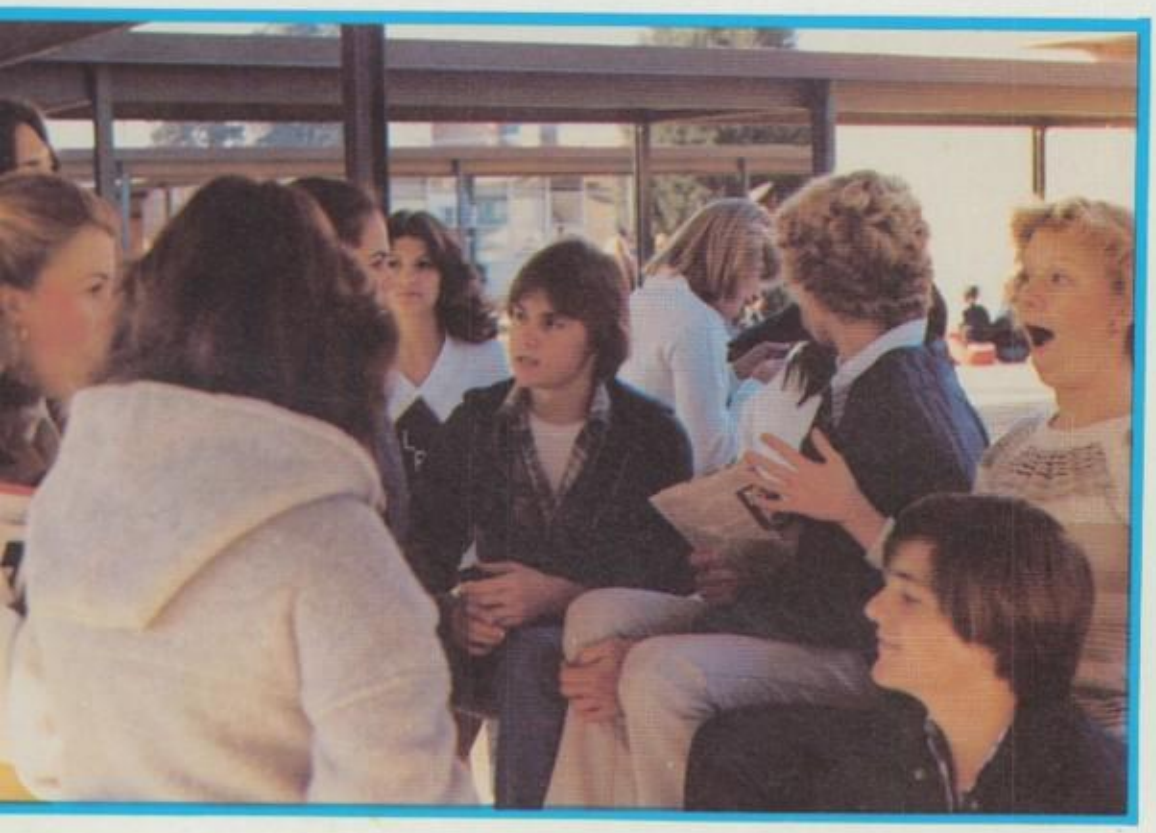
LR FACES MANY NEW DISCOVERIES

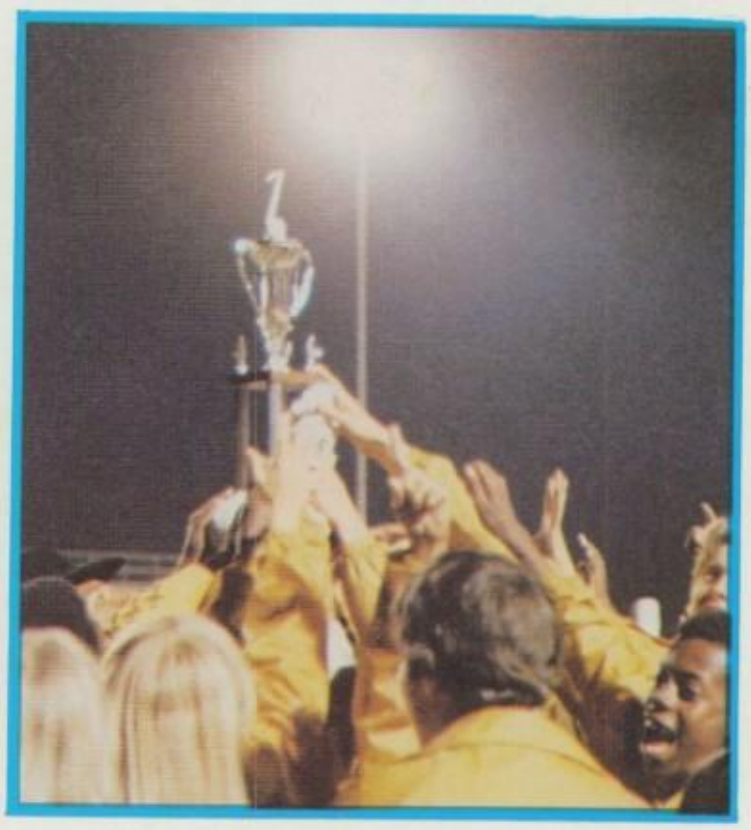
As the year progresses, students often think about the past, present and future.

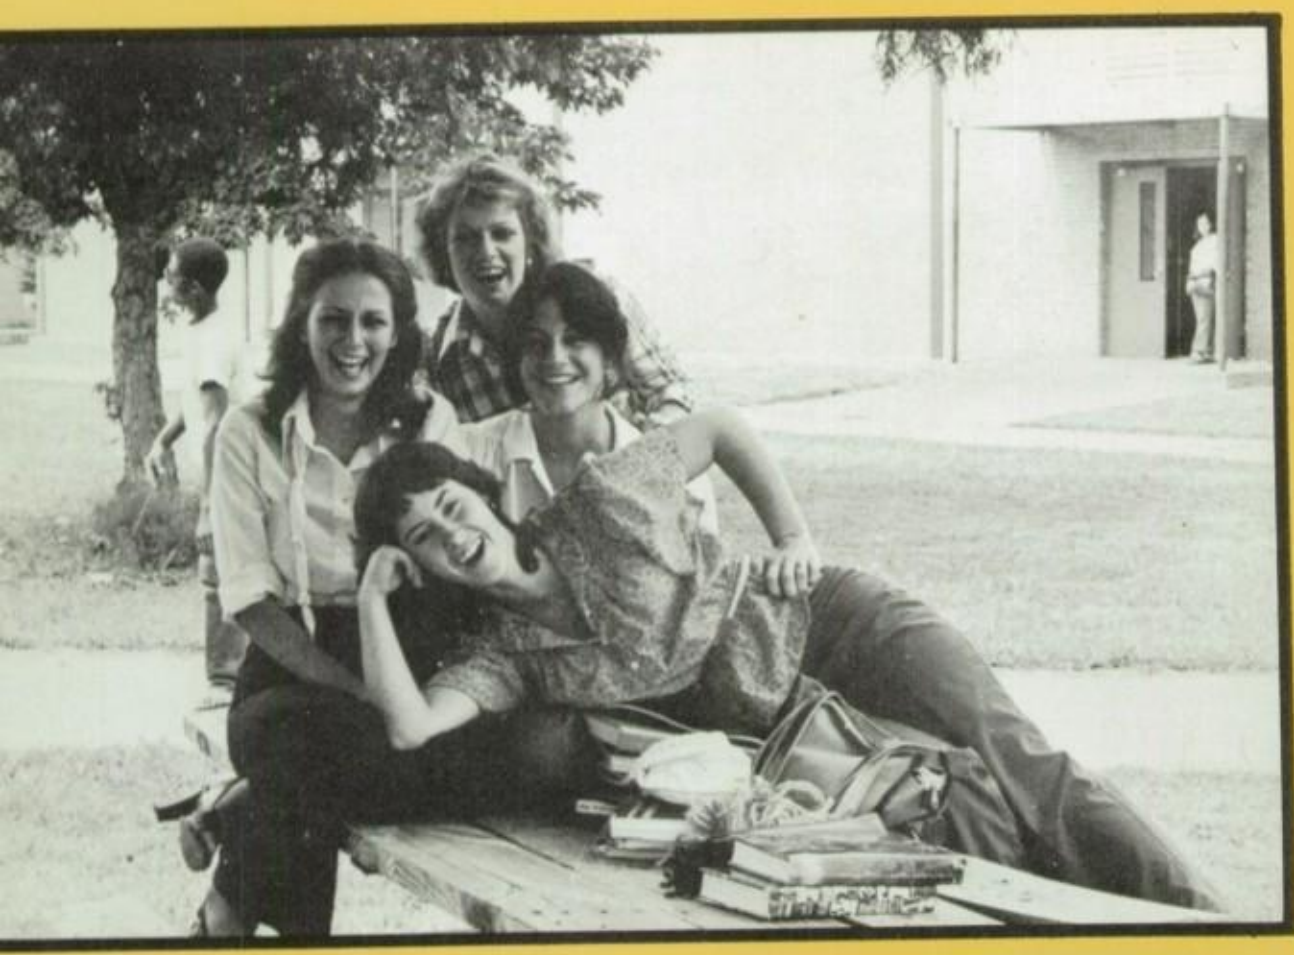
The past was represented by the 1977-78 Prom Queen, Linda Oree and Alumni Cheerleaders from 1975 to 1978. These cheerleaders joined together to form one big squad for our 1978 Homecoming.

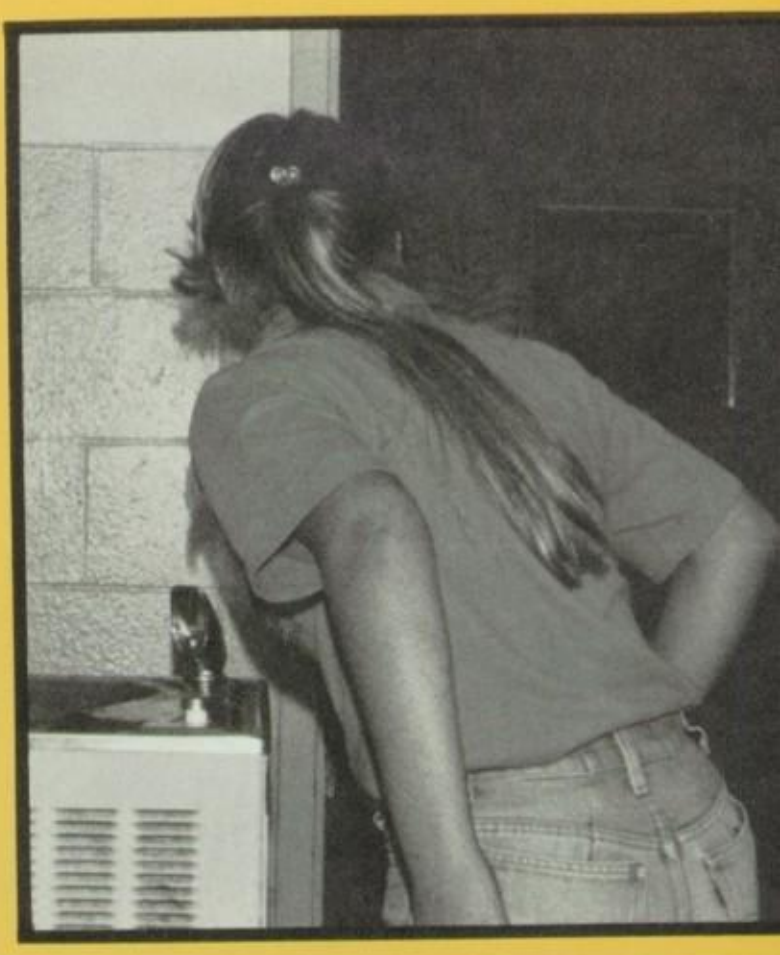
The present was shown in the daily lives and facial expressions of the students.

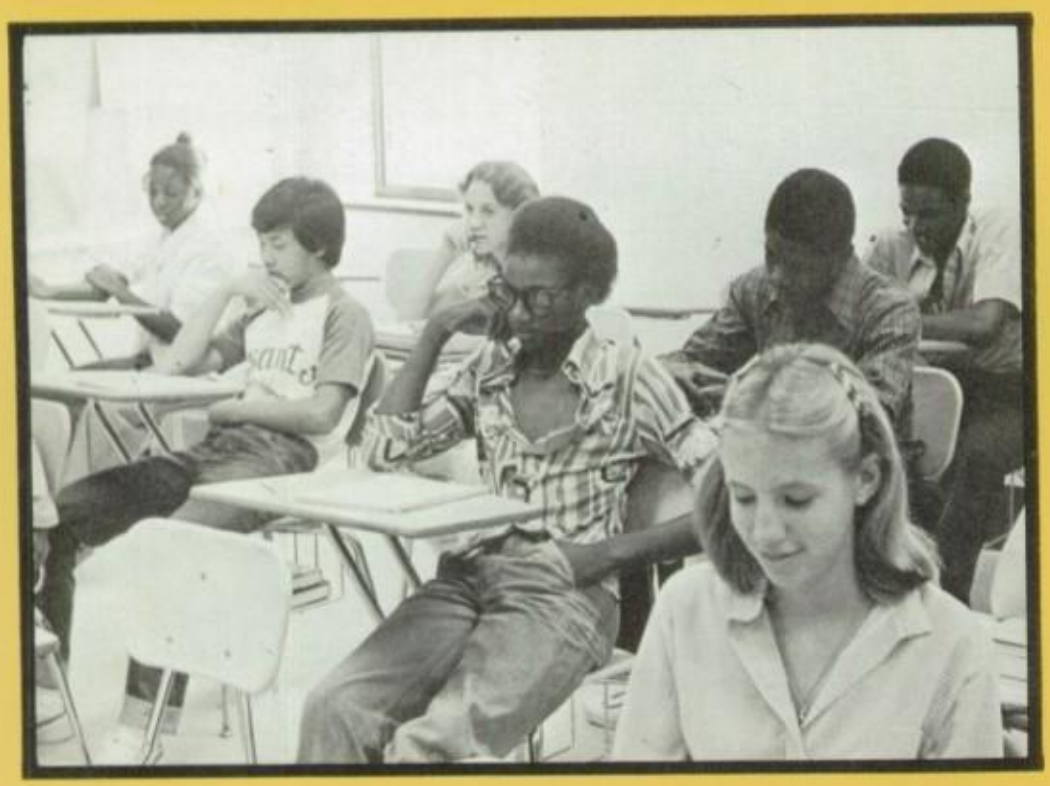
The future was not displayed because no one can predict the future.



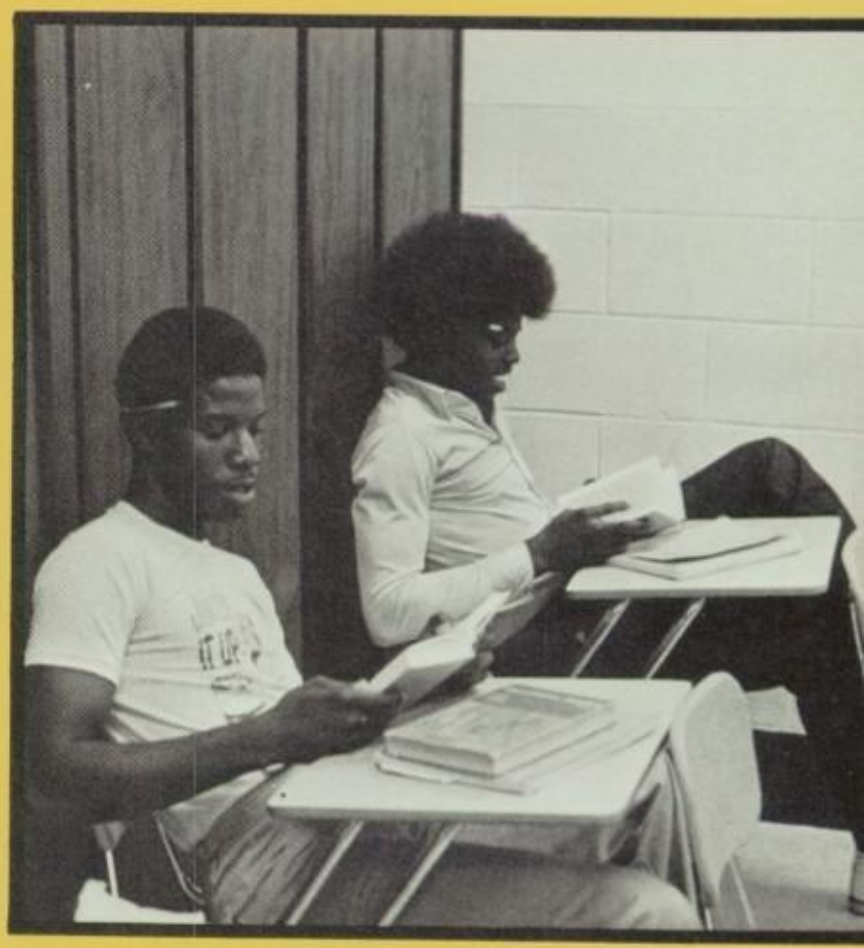








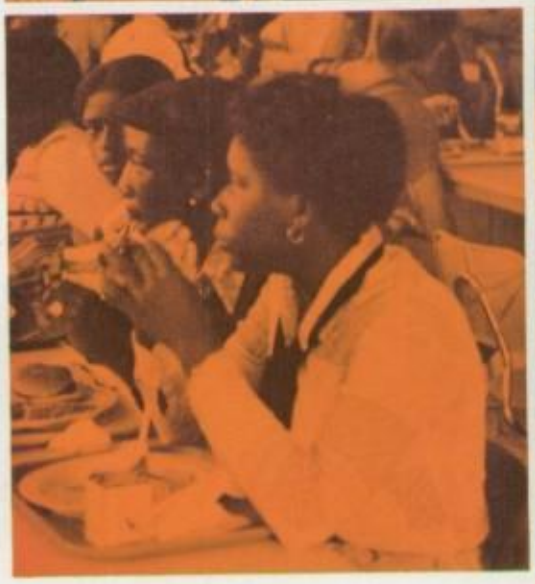
THE MANY FACETS OF LR



Jay Marsha, Bridget Mathis, Ronald Jones, Pee Wee Culler, Rebecca Burgin, Andy Tolleson, Lillie Wright, and Katrina Eichelberger eat their choice of lunch; canteen or cafeteria style.

Students relax after eating their lunch.

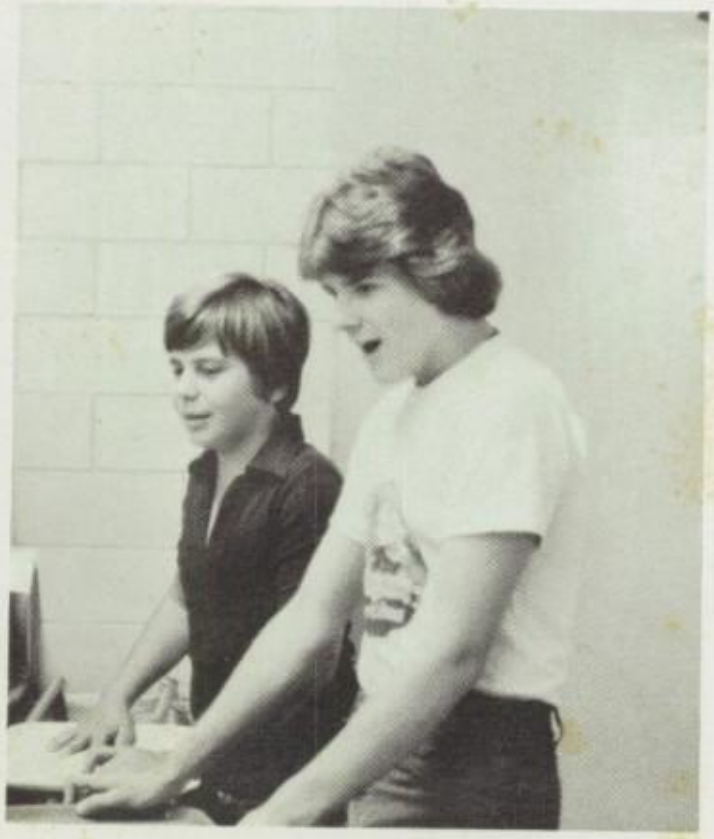
Food from the cafeteria satisfies these hungry students.



JUNK FOOD JUNKIES!!

"I want a bag of Sour Cream-n-Onion Potato Chips, a Mountain Dew, 2 Reese Cups, and a pack of Wintergreen Lifesavers." That seems to be a familiar quote at the canteen. Such a variety to choose from. What should I get tomorrow? Salt-n-Vinegar? A Burito? Coke? Oh well, I'll decide later.

But it's different in the cafeteria. You have your choice of the regular meat or the sandwich line. Here you have to decide between fried chicken or a hamburger, chocolate or white milk. So many decisions to make.



A group of hungry guys eat in a rush so they can join their friends.

Maria Miner and Jane Husband study while eating lunch.

Bobbie Hess grins as her friend Sylvia Deeder studies.

Jeff Short and Joe Creighton seem shocked at the menu.

As David Robertson eats lunch, Mark Leski stares into space.

The food from the cafeteria seems to please everyone.

A DAY IN THE LIFE OF AN LR STUDENT

Aerial view of LR proves it isn't as small as it seems.

Buses are one of the many means of transportation to school.

Excuses, excuses, excuses!!!

Students show how interesting class can be.

Hungry students line up at the canteen with their orders.

A weary bus driver returns home at the end of his route.

DRAMA PRESENTS A GLASS MENAGERIE

Drama Club's active season started with a variety show for Parents' Night. It was followed by a fall production in December, "The Glass Menagerie," by Tennessee Williams. Also, in December there were two children's theater productions which were also produced at several of the elementary schools. These were "Magic Theater" and "Snow White".

Once again this year LR sponsored a Spirit Week during the week of Homecoming, which was Oct. 23-27. This gave students a chance to show how much spirit they had. The days were set as follows: Monday — dress-up day, Tuesday — hat-n-rag day, Wednesday — twin day, Thursday — 50's day, Friday — black-n-gold day. Most everybody dressed up on Mon. Wed. and Fri., but few had enough nerve to dress up on 50's day.

Evelyn Rodriquez, Toni Mathis, and Joni Fisher make "Twin Day" into Triplet Day.

Julie Cowsert, Sarah Pearson and Kathie Faulkenberry show spirit on LR's 50's day.

ADMINISTRATION RECONSTRUCTS STAFF

LR administration, headed by Hugh Burkett as principal, sought to provide an atmosphere of growth for each staff member in order to capitalize on a variety of talents. There were some addition to and reconstructing of the staff.

Alex Graham and Virginia Blease, already assistant principals, were joined by Lemuel Stephens. John Fleming became the new administrative assistant for discipline. Betty Tiller remained in attendance, while Clair Cunningham moved to curriculum and Diane Harwell to student affairs.

The administrative staff worked hard to improve both curricular and extra-curricular opportunities, as well as the total school environment.

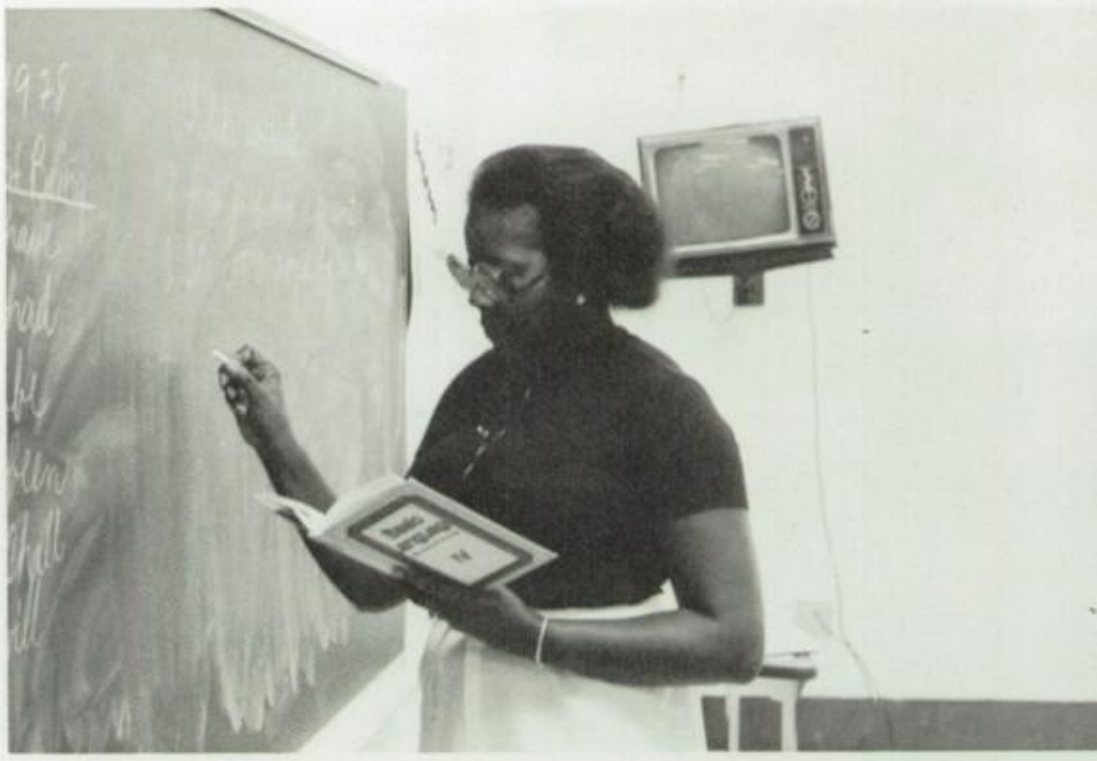
ENGLISH EMPHASIZES BASIC SKILLS



First semester, most English classes dealt with the rules of grammar, basic writing skills, and composition. This emphasis on vocabulary and structure in oral and written language enhanced effective reading in the literature classes second semester. At a Book Fair in November, faculty and students purchased more than $650 worth of books.

SCIENCE DEPT. OFFERS VARIOUS COURSES

LR gave its students a good scientific background with a program covering such fields as Chemistry, Physics and Biology. Biology was a course of fascinating study of living organisms. Frogs were dissected and microscopes were used to explore. LR hoped to contribute scientists and technicians to help keep America first in the Atomic Age.

PROPER DRIVING TECHNIQUES ARE TAUGHT

The purpose of driver education is provide better and safer drivers by teaching the student proper methods and techniques involved in defensive driving. Hopefully this would reduce the number of accidents, injuries, and deaths that occur on our highways each year. Driver Education consisted of five instructional areas. They were: Traffic Safety Education, South Carolina Drivers' Handbook, Simulated Driving Practice, Behind-the-wheel Driving, and Basic Red Cross First aid and Personal Safety.

JROTC PROGRAM HAS GREAT ADVANTAGES

JROTC program at LR was designed to develope skills in areas such as first aid, drill, citizenship, effective oral and written communication, physical fitness, and leadership training. Cadets enrolled in the program also learned about weapons safety and markmanship, land navigation, and military history.

The JROTC program was a three year course. Students who complete three years in the program and enter the military have a great advantage over other recruits who have no JROTC experience.

Some awards received by the ROTC department are displayed.

DIAMONDS NEVER GIVE IN

The 1978 Lower Richland Varsity football team was an outstanding group of hard working and talented young men. At the start of the season, the team looked like they would be a big disappointment, but later games would reveal that they just had a slow start. The Diamonds lost their first four games because that "certain something" seemed to be missing. The Dreher game noted a spark of enthusiasm for the Diamonds that would spread to burn most of their remaining opponents and leave them with a 4 and 6 record. They lost to Richland North East in a fierce battle and also lost their final game to Airport. Columbia High, Camden, and Eau Claire were all victories for the Diamonds. Camden, had been highly favored to beat LR, but the "Diamond Determination" and "Excellent Performance" won out. This resulted in Camdens first regional loss and was a major boost to the LR Diamond Hornets.

The pride and joy of LR is this sign erected as a gift to the school from the class of 1978.

During the school year, construction began on the new Career Center being built next to the Vocational Bldg.

Teachers also got into the fun of Spirit Week.

An inside view of the new Career Center arouses excitement for those awaiting the grand opening.

WE STILL ARE AND WE ALWAYS WILL BE!!

For a group to have success at anything, there has to be teamwork. The 1978-79 Annual Staff worked together as one big team, all pulling for the same purpose — to produce a first-class annual.

Much work goes into the production of an annual. Designing the cover, thinking of captions and headlines, taking pictures and then putting it all together in one book that will bring back many memories is a task that will bring satisfaction to all who helped in the production.

Thanks are awarded to the many faculty and students that helped to get this annual out. A special thank you goes out to Chris Alexander, Harvey Cook, Eric Kehl, Perry McClinton and Charley Reese for assisting in the photography. Another special thank you goes to Mr. Harry Dutton of Carolina Color Lab for developing our many pictures. Without the help of these guys we wouldn't be able to hand you your copy of the 1979 Hornets' Nest.

But must of all our thanks go to James Jordan for his devotion to his job as head photographer. James cooperated with not only the staff as a whole, but also with each individual staff member. His dedication will be long remembered.

We hope that in the future when you look back on your years at LR, this annual will bring back many pleasant memories.

Jeanne,

Well its been a great year. I've really enjoyed getting to know you these past few years. I thought Carnival was good but I liked "Mattress" even better. Listen keep Kim out of trouble and try to find her someone else so she will get Harvey off her mind. Good luck next year with Drama. Try to stay out of trouble (last lesson) Stay Sweet.
